is still a Police outpost at Sukrawarsante, and orders have been issued to depute extra constables from surrounding stations on *sante* days.

KADUR DISTRICT.

(Nos. 4149—37.)

SUBJECT No. 419.

Drainage scheme of the Chikmagalur Town.

Mr. C. Srinivasa Rao, Chikmagalur Taluk.

Summary of discussion. The drainage scheme of the Chikmagalur Town may be taken in hand in connection with the other improvements that are being effected, as it is necessary to improve the sanitary condition of the town.

Reply of Government. — Under preparation.

SUBJECT No. 420.

Repair of the Ramanahalli Channel.

Mr. C. Srinivasa Rao, Chikmagalur Taluk.

Summary of discussion. — The Ramanahalli Channel may, it is requested, be repaired.

Reply of Government. — The matter will be referred to the Public Works Department for early disposal.

SUBJECT No. 421.

Construction of a musafirkhana at Dattatreyapeeta.

Mr. B. Sitaramaiya, Chikmagalur Taluk.

Summary of discussion. — A musafirkhana may be constructed at Dattatreyapeeta for the benefit of Hindu travellers.

Reply of Government.—Application may be made to the District Board.

SUBJECT No. 422.

Establishment of a Sanskrit School at Chikmagalur.

Mr. B. Sitaramaiya, Chikmagalur Taluk.

Summary of discussion. A Sanskrit School may be established at Chikmagalur out of the Kalasa temple funds.

Reply of Government.—Government orders have already been issued declining to sanction this measure.

SUBJECT No. 423.

Water-supply to Chikmagalur.

Messrs. C. Vasudeva Rao and G. Abdul Khalik, Chikmagalur Municipality.

Mr. Srinivasa Rao, Chikmagalur Taluk.

Summary of discussion.—The Bhutanavare anikat has been condemned by the Chief Engineer. The only two sources of water-supply to Chikmagalur are the Vedavati and the present feeder to the Chikmagalur water-works. The Ramanahalli channel supplies water to Chikmagalur as before when the reservoir fails. The source of supply to the Ramanahalli channel is the Vedavati. The water from the stream from whichever place it be, if let into the reservoir, when there is no demand for it for agricultural purposes, may be sufficient to supply water to the town.

Mr. Srinivasa Rao proposed that the Municipality should do the annual repairs for the Ramanahalli channel.

Reply of Government.—The proposal will be considered. The question of the Municipality carrying out the annual repairs to the Ramanahalli channel will be referred to the Chief Engineer and the Deputy Commissioner.

SUBJECT No. 424.

Restoration of the old Madag Tank.

Messrs Patnagere Ranganna and T. Narasimha Iyengar, Kadur Taluk.

Summary of discussion.—The old Madag tank may, it is requested, be restored. This will bring in a large area of land under wet cultivation.

Reply of Government.—This cannot be done.
